ENGINEERED FOR HIGHER MILEAGE AND HIGHER SAVINGS.

The driving force behind the LOADKING OPTIMO is the trusted 2.5 litre mDi engine. It has a 1600 bar Bosch common rail system to give you best-in-class mileage without cutting back even the slightest on power. This engine has a small yet crucial advantage: a stretch fit belt that eliminates any need for manual adjustment for belt tension and the proven Mahindra BOSCH BS6 After Treatment System leads lower AdBlue consumption and higher earnings.
